Dear Chris,

In the few seconds before Lil calls me to supper, the reason I do not stop to get something other than this old Ozalid paper that was at hand, I think you did a good and a fair story.

If you do develop further interest, or if Hearst doe, you know where you can find what I think would be worthwhile and interesting stories.

If you see anything at all on the Stone film I'd appreciate your sending what you do not need, in part so I'll know but mostly for a more complete/historical record.

Hope you had a good Xmas and that the year ahead is better for us all,

Harold
